

## FIRST GENERATION

1. **Michael Diede** RIN in 60. He was born about 1787 in , Germany.<sup>1</sup> He died in , , Russia.<sup>1</sup> Information from Diede book. The following is a quote from the book: "Michael Diede and his wife Anna Christina and their 3 children, Gottlieb (8), Anna Christina (6) and Michael (2) came from Germany to Russia in 1819, according to Dr. Karl Stumpp.

They came to Johannesthal, which was founded in 1820. Of the inhabitants, 27 families came from Wurttemberg, 5 from Prussian Poland, 1 from Saxony, and 1 from Switzerland.

there was no place of origin or occupation listed for the Diedes, however, materials I've read about other inhabitants of Johannesthal have given their place of origin as Wurttemberg, so I'm assuming that was the Diedes place of origin.

Michael Diede was listed as 31 years ols so we can assume his date of birth was about 1787. their son, Gottlieb, was listed as 8 years old so I am assuming he was born about 1811 or 1812.

Gottlieb married Anna Margret Metler. They had 13 children that grew to adulthood. We do not have birth dates for a number of their children but we have tried to determine approximate birth dates by the age of the oldest child. This was done for those that came to America only. Those that remained in Russia I'm just listing.

1. Christina Diede married Karl Mutschelknaus, she died on or near 22 Aug 1959. Her oldest child was born 7 Sep 1857, so we think Christina was born between 1935 and 1940.

2. Dorothea Diede married Ludwig Ulmer, she was born 17 Oct 1843.

3. Carolina Diede, married Michael Saylor in 1868 (?) in Russia. Her oldest son's birth date was given to me as 1867 so we can assume she was born about 1847.

4. Marie Diede married Matthew Saylor, she was born 8 Mar 1850.

5. Margreta Diede married Christian Zimmerman, she was born 7 Feb 1854.

6. Christian Diede married Christina Will, he was born 5 May 1858.

7. Regina Diede married Michael Will. Their oldest son was born in 1883 so the family thinks a likely year of birth is 1862 or 1863.

8. Rosina Diede married Karl Metler, she was born 3 Feb 1865.

Mrs. Karl Schoizman, who I'll write more about later, says:

9. Heinrich Diede was the oldest son.

10. Jacob was next, and

11. Gottlieb Diede, her father, was the youngest child.

Mrs. Metzger had told me her mother, Rosina Diede Miller was youngest. Anyhow, one of them was.

Daughters who remained in Russia were:

12. Katherina Diede who married Phillip Heinle, and

13. Elizabeth Diede, who married Jacob Fischer.

He was married to Anna Christina Erdmann about 1807 in , Germany.<sup>1</sup> **Anna Christina Erdmann**<sup>1</sup> was born about 1787 in , Germany.<sup>1</sup> She died in , , Russia.<sup>1</sup> She has reference number 61.
